GOOD NEWS

August 2021

New Smyrna Beach, FL. - 386-428-2397

My dear friends, ever have a flat tire? If you did now you might be tempted to get someone else to change it, and I don't blame you. But there was a time when I would insist on changing the tire myself. My dad taught me how, and told me a story at the same time. A friend of his named Bud was supposed to finish some chores before heading out with his friends. He was given strict instructions to finish everything BEFORE leaving the house. He thought, "They'll never know if I just go there fast and get back quick." So he headed out and after a time he had a flat tire. "Great, I don't need this." He got everything out to change the tire and had the worst time removing the lug nuts. They would not budge no matter how hard he tried. Starting to panic because his parent would be home soon. He limped his way to a gas station and asked the attendant for help. Within a few minutes and the application of a hydraulic wrench the tire was off and replaced. It was too late though, his parents would be home and

he would be on restriction for a week. "Which way were you turning the nuts?" the attendant asked. Bud thought it was a stupid question. You unscrew nuts counter clockwise. "Well" said the attendant, "the threads on this side of the car are reversed. To get them off you turn them clockwise." Bud felt like an idiot.

A lot of people find it impossible to find happiness because they are going about it the wrong way. Like Bud and the nuts they turn things the wrong way and make them even tighter. Life doesn't get better, it gets worse. The life Jesus calls us to is like a reverse tread – it's the opposite of what people think. "Get all you can" the world says, Jesus counters "Give and it shall be given to you." The world says "If someone hurts you, get even." Jesus: "Turn the other cheek." So I ask you, in your life, which way are you turning the wrench?? God bless you and remember how much I love you.

Your pastor and friend,
Rev. George T. Head
